Description

Casa Marilu III is a spectacular, 5,000 square foot contemporary, Mediterranean style villa. The interior incorporates dramatic open spaces, skylights, interior gardens and a sensuous blending of vivid local colors and textures. Located on the water's edge and just ten minutes south of downtown Puerto Vallarta, the villa is located between the Presidente Intercontinental Hotel and La Jolla de Mismaloya resort and Spa and overlooks the famous Los Arcos rock formation.

The sweeping ocean views from the bedrooms, bathrooms, terraces, dining room, living room and kitchen are spectacular. To the north you can see the lovely city lights and, to the south, the rocky coast lined with sandy beaches and emerald hills.
